

REACH Compliance Declaration

Document No.: RX-QA-A-002

Revision: A/01

Issue Date: [2024-06-04]

Renxin-Seiko Industry Co., Ltd. hereby declares that, to the best of our knowledge and based on information provided by our material suppliers and internal compliance management procedures, the products supplied by our company comply with the applicable requirements of the European Union REACH Regulation.

This declaration applies to products manufactured and supplied by Renxin-Seiko Industry Co., Ltd., including but not limited to thermal management products, heatsinks, CNC machined parts, sheet metal components, busbars, gaskets, and related assemblies, unless otherwise specified by customer requirements.

1. Applicable Regulation

The products are declared in accordance with:

Regulation (EC) No 1907/2006

concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

This declaration includes consideration of:

- Article 33 – Duty to communicate information on substances in articles
 - Annex XVII – Restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles
 - Candidate List of Substances of Very High Concern (SVHC) published by the European Chemicals Agency (ECHA)
-

2. SVHC Statement

Based on current supplier information and available material data, Renxin-Seiko Industry Co., Ltd. declares that the products supplied do not intentionally contain Substances of Very High Concern (SVHC) above the threshold of:

0.1% weight by weight (w/w)

as defined in Article 33 of the REACH Regulation and listed in the current ECHA Candidate List at the date of this declaration.

3. Annex XVII Compliance

Renxin-Seiko Industry Co., Ltd. further declares that the supplied products comply with the applicable restrictions defined under:

REACH Annex XVII Article 67

regarding restricted hazardous substances, where applicable to the supplied articles and materials.

4. Compliance Management

To support REACH compliance, Renxin-Seiko maintains internal environmental compliance procedures including:

- Supplier environmental compliance management
- Material declaration collection and review
- Supply chain traceability control
- Internal document management and retention
- Periodic compliance assessment based on updated ECHA Candidate Lists
- Third-party laboratory testing where required by customer or project specification

5. Customer and Regulatory Updates

The REACH Candidate List is regularly updated by ECHA. Renxin-Seiko Industry Co., Ltd. continuously monitors applicable updates and reviews the impact on supplied materials and products.

Should any substance status change affect the compliance status of supplied products, appropriate actions and customer notifications will be implemented accordingly.

6. Statement of Responsibility

This declaration is issued under the responsibility of Renxin-Seiko Industry Co., Ltd. and is based on supplier declarations, technical data, material composition information, and current regulatory knowledge available at the time of issue.

This declaration does not constitute a warranty or guarantee of product properties beyond regulatory compliance obligations.
